CURES OLD BLOOD DISEASES

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Contagious Blood Poison is responsible for a great many old blood

troubles, such as scrofulous affections, skin eruptions catarrhal troubles, Rheumatism, ulcerating sores, etc. There is no such thing

as ridding the system of these effects by killing the poisonous germs.

Any medicine powerful enough to accomplish this would also destroy

many of the delicate linings and tissues, and wreck the constitution.

The only way to cure old blood troubles is to REMOVE the cause from

the circulation, and for this purpose nothing is equal to S. S. S. It

goes into the blood, and drives out every taint and poison, and makes

this vital fluid pure, rich and nourishing. S. S. S. has long been known
